Keynote Speaker

Marc Brauner IGI Laboratories, Hong Kong

Subject

Challenging Grading: Mounted Gemstones

Marc Brauner is visiting Australia exclusively for this event. He has extensive diamond industry experience in polishing, manufacturing. Grading and analysis procedures, technical set-up and development at new IGI operations, training oversight and marketing are his responsibility.

IGI Laboratories are all under the same management. They do not franchise. Their headquarters are in Antwerp. Other locations are in New York, Los Angeles, Toronto, Hong Kong, Dubai, Bangkok, Tel Aviv, and Mumbai, New Dehli, Kolkata and Trishur.

Marc is currently head of Asia Pacific headquarters, based in Hong Kong. In April 2007, Marc was appointed by Royal Warrant as Diamond Consultant to the Ministry of Foreign Affairs of Belgium.

Speakers

Ms Leanne Bischoff *M.Biomed Eng, BE Elec (CSIRO)*

Mrs Kayt Primmer *FGAA, NCJV Valuer (O.P.A.L.) Opal Producers, Australia Limited*

Subject

Gemmological Digital Analyser (GDA):

A vision System for the Automatic Assessment and Grading of Opals

The GDA is a new ground-breaking automated vision system that objectively assesses, quantifies and reports the complex colour characteristics of cut and polished opal. It is the outcome of research and development between OPAL, CSIRO, and Applied Robotics P/L, and partly funded by the Commonwealth Government.

This project has been nominated for the Australian Engineers Excellence Awards 2009.
